

# EvidenceOnQ

## Crime Scene to Court Room

Providing Confidence and Integrity  
in Evidence Management

"What price is too high if it meant a successful criminal case against a rapist or murderer? How about deterring and preventing theft or loss of property?"

— Sgt. Dave Foster, Covina PD, CA

## What is EvidenceOnQ™

An industry-leading solution that gives law enforcement agencies dependable evidence management at all times, from crime scene to courtroom.

## Who We Serve

Law enforcement agencies across the country, from large to small, rely on EvidenceOnQ to manage their evidence. For example, in San Antonio, Texas, a department of 2,100 officers use EvidenceOnQ and have seen annual savings of over \$150,000. The time to process evidence has decreased by more than 85%. This has allowed San Antonio's property room the time to focus efforts on purging its backlog, including 2,500 firearms awaiting destruction.

## Crime Scene

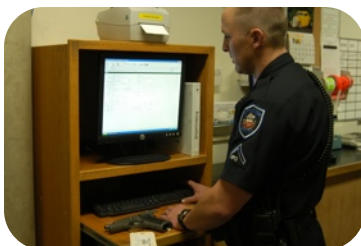

Evidence can be directly entered into the system at the scene. Barcode labels and reports are generated immediately and photos can be uploaded into the system.

"The EvidenceOnQ™ system gives us the tools, confidence and security to know we will successfully meet the challenge."

[Hanover PD, VA](#)

## Booking

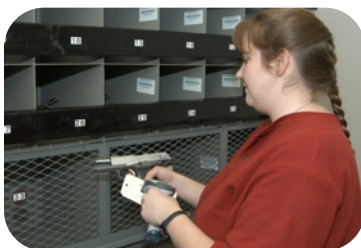

EvidenceOnQ™ is a flexible, easy-to-use system that saves time and gets officers back on the street.

"Our personnel and staff in both the city and county departments have more capability than we have ever had before."

[Captain Rick Krueger - Rochester PD, MN](#)

## Property Room

By reducing repetitive work effort, it will streamline every aspect of your agency's evidence management.

"EvidenceOnQ has saved us over 30 staff hours every week."

[Property Manager Joe Moralli - Chico PD, CA](#)

## Court

EvidenceOnQ™ will provide an automated, unalterable chain of custody that will give agencies confidence and integrity into the court room.

"We know all of our data is accurate and accounted for all the time."

[Sr. Evidence Tech Bruce Adams, Littleton, CO](#)
